FULL SERVICE ENVIRONMENTAL COMPANY

Advanced Environmental Services, Inc. (AES) takes pride in being a minority-owned business that provides Environmental Remediation and Restoration services to various sectors including commercial, residential, industrial, governmental, and healthcare industries. With a combined 150 years of experience in environmental remediation, demolition, and restoration, AES is recognized as one of the most experienced firms in the industry today.

CUSTOMIZED ENVIRONMENTAL SOLUTIONS:

AES excels in developing comprehensive, client-centric strategies. Our team of dedicated professionals is committed to delivering high-quality services that prioritize safety, efficiency, and environmental stewardship. AES employs cutting-edge technology and innovative methods to tackle complex projects, ensuring that each job is completed to the highest standards.

DIFFERENTIATORS:

MBE Certified, Union Affiliation and Skilled Labor

AES stands out as a proud Minority Owned Business and a Union Signatory Contractor affiliated with the Laborers' International Union of America Local 110 and Local 42, as well as the International Union of Operating Engineers Local 513. AES is well versed in the requirements of Certified Payroll and Compliance.

AES is not just a service provider; we are a trusted partner in creating sustainable solutions for a better future. Whether it's mitigating hazardous materials or revitalizing communities, our unwavering commitment to excellence makes AES a leader in the environmental services sector.

PAST PERFORMANCE:

Archdiocese of St. Louis, BJC Hospital, Department of Defense, Department of Veterans Affairs, Environmental Consultants- JS Held, LLC, Farmer Environmental, ICS Construction Services, John Jurgiel & Associates, Pace Properties, Sigma Aldrich, The Lawrence Group, and Washington University of St. Louis.
